2022 ATHLETIC PACKET SUBMISSION GUIDELINES

ALL PACKETS MUST BE COMPLETED AT ATHLETICCLEARANCE.COM

A single account must be created for students to complete their packets for the coming year. If your child plays more than one sport, then when registering click “Add New Sport” to include those sports in the application and the signatures will be applied to the additional sports. If your child decides later in the year to play another sport and it hasn’t been selected, you can go back in and register for that sport, but the signatures will have to be executed a second time.

A tutorial is located on the opening page when you log on to athleticclearance.com

All required forms can be completed online except for page 2 of the physical form (EL2) and the St. Lucie County Parent and Player Agreement which must be notarized. These forms are available on the TCHS website through the school district website. A hard copy may be picked up at the school. Once completed, the forms must be uploaded to the student’s account.

Students must complete the NFHS courses on Concussions, Heat Illness and Sudden Cardiac Arrest. These courses can be accessed from the athletic clearance website and then the certificates can be uploaded into the student’s account from the NFHS.

Once a student has successfully completed the packet it will be reviewed. If no other documentation is needed, a clearance card will be issued for the student to the email associated with the athletic clearance account. Please allow up to 48 hours for this process to be completed. Participation is not guaranteed on the day the application is completed.
